

### SOC 1<sup>SM</sup> Report

#### Report on Controls at a Service Organization Relevant to User Entities' Internal Control over Financial Reporting

Meets the needs of user entities' managements and auditors as they evaluate the effect of a service organization's controls on a user entity's financial statement assertions. These reports are important components of user entities' evaluation of their internal controls over financial reporting for purposes of compliance with laws and regulations and for when user entity auditors plan and perform financial statement audits.

*SAS 70, Service Organizations, is no longer in effect for service auditors. A new series of SERVICE ORGANIZATION CONTROL REPORTS<sup>SM</sup> has arrived. This logo can be used by service organizations that have had a SOC 1<sup>SM</sup>, SOC 2<sup>SM</sup> or SOC 3<sup>SM</sup> engagement within the prior 12 months.*

### SOC 2<sup>SM</sup> Report

#### Report on Controls at a Service Organization Relevant to Security, Availability, Processing Integrity, Confidentiality or Privacy

For those who need to understand internal control at a service organization as it relates to security, availability, processing integrity, confidentiality or privacy. These reports can play an important role in oversight of the organization, vendor management programs, internal corporate governance and risk management processes, and regulatory oversight. Stakeholders who may use these reports include management or those charged with governance of the user entities and of the service organization, customers, regulators, business partners and suppliers, among others.

### SOC 3<sup>SM</sup> Report

#### Trust Services Report for Service Organizations

Designed to accommodate users who want assurance on a service organization's controls related to security, availability, processing integrity, confidentiality or privacy but do not have the need for the detailed and comprehensive SOC 2<sup>SM</sup> Report. It can be used in a service organization's marketing efforts.
